

AY2020-21 Grade Profiles, Polytechnic GPAs and Programme Places for 'A' level and Polytechnic Applicants

Applicants need to be aware that the admission criteria may vary from programme to programme. For the popular programmes with small intake, competition is expected to be keener with more stringent grade requirements. In order to help prospective applicants make an informed choice, our University has put together the information in a tabular format for easy reference.

In using the tables below, please note the following:

- a. The grade profiles, GPAs and programme places may vary from year to year, depending on the number and performance of applicants, and the number of places available.
- b. The grade profiles take into account offers that were made under Aptitude-based Admissions (ABA), from AY2020-21.
- c. Meeting the previous year's grade/GPA scores of a programme does not guarantee admission to that programme for the current year.
- d. Certain programmes may have specific subject requirements. The programmes marked with asterisk (*) are those where additional assessments such as interviews, selection tests, and/or portfolios are required. Please refer to http://www3.ntu.edu.sg/oad2/website_files/Alevel/Min_Subject_Requirements.pdf for more details.
- e. Double Major Programmes offered by the College of Humanities, Arts, & Social Sciences include Economics and Media Analytics, Economics and Psychology, Economics and Public Policy & Global Affairs, English Literature and Art History, Psychology and Media Analytics, and, Psychology and Linguistics & Multilingual Studies.

Double Major Programmes offered by the College of Science include Biological Sciences and Psychology, Biomedical Sciences and BioBusiness, Environmental Earth Systems Science and Public Policy and Global Affairs, Mathematical and Computer Sciences, Mathematical Sciences and Economics, and Physics and Mathematical Sciences.

The grade profiles and polytechnic GPAs are to be used as a guide only.

Table 1: Grade Profiles of the 10th and 90th percentiles of 'A'-Level Applicants offered places for programmes at NTU in UAE 2020

Representative grade profiles¹ of the 10th and 90th percentiles of applicants offered places in AY2020-21 for applicants holding Singapore-Cambridge GCE 'A'-Level qualifications. **This includes offers that were made under the Aptitude-based Admissions framework.** The grade profiles refer to the grades scored by 'A'-level applicants in their 3 H2 and 1 H1 subjects. For the purpose of this exercise, Grade "C" is assumed for both General Paper (GP) and Project Work (PW) in determining the grade profiles. Please note that certain programmes may require grades higher than "C" for GP.
